

TS 7500 OR Table with stationary column and Carbon Spine Surgical Tabletop

CARBON SPINE SURGICAL TABLETOP

OPTIMIZE SPINE SURGERY WORKFLOW

Enhanced Surgical Patient Access

Enables complex spine surgery with Hillrom's ergonomic and flexible Carbon Spine Surgical Tabletop.

- Optimal surgical site access due to low tabletop height.
- Anatomical adjusted patient positioning due to individual positioning of the special components and pads.
- Ergonomic patient transfer due to a lean design and intuitive handling

The Carbon Spine Surgical Tabletop supports the natural anatomy of the patient for positive clinical outcomes.

SAFE, ERGONOMIC & FLEXIBLE

360° RADIOLUCENCY

Enhanced intraoperative imaging capabilities with up to 64.6" (1640 mm) of radiolucent coverage in both standard or reverse patient orientation.

ADVANCED PATIENT POSITIONING

Flexible positioning of individual pads, components, and accessories for various patient anatomies.

GENERAL TO SPECIALTY

Transform your OR to accommodate multiple specialties with a single TS 7500 Column and a wide range of tabletops.
