

Hillrom™

DESIGNED FOR PRIMARY CARE

- Flexible workflow options allow access to images via HIPAA-compliant, SOC 2 type II-certified, FDA-cleared RetinaVue® Network software
- One-third the cost of tabletop retinal cameras
- Touchless features include auto-focus, auto-flash and auto-image capture to support ease of use
- Proprietary QA algorithm automatically provides image-quality assessment score
- Fast, non-mydratic exam promotes patient comfort
- Lightweight and portable for mobility across multiple locations
- Advanced optical system enables image acquisition on pupils as small as three millimeters

**THE WELCH ALLYN®
RETINAVUE® 100 IMAGER**
