Patient Support System**

Contact Information:
Hill-Rom Company Inc.
1069 State Route 46 East
Batesville, IN 47006
(812) 934-7777

BRIEF DESCRIPTION OF SUPPLIES OR SERVICES REQUIRED AND THE INTENDED USE:

- The P500 surface is a constant low-pressure surface with low air loss that helps prevent and treat pressure injuries for patients with limited mobility, excessive moisture or limited treatment to existing wounds.
- Intended Use: The P500 surface helps prevent and treat Stage I through IV pressure injuries in occupants who weigh between 70 lbs and 500 lbs (32 kg and 227 kg) and are 4' 11" to 6' 2" (150 cm to 188 cm) in height. The safe working load of the surface is 500 lbs (227 kg).

UNIQUE CHARACTERISTICS AVAILABLE ONLY THROUGH HILLROM:

- Weight-based pressure redistribution for a wide range of patient sizes.
- Advanced Microclimate® Technology, pulling heat and moisture away from the patient instead of blowing air around them and into the sheets.
- Turn Assist
- 30° Head of Bed Sensor
- Bed Exit Alarm
