

Hillrom™

Viking® Mobile Lifts  
M, L, and XL

# SAFE PATIENT HANDLING & MOBILITY CALLS FOR A PATIENT- CENTERED APPROACH

Every day, you tailor care and support for each of your unique patients. What if your equipment could do the same?

With the Viking® lifts from Hillrom, you can choose just the right lift for each scenario, and rest assured you'll receive a consistent, high-quality experience.

Available in a variety of sizes and lifting capacities, there is a Viking lift for virtually every need.

# UNIQUE SUPPORT FOR EVERY PATIENT

## Viking® M Mobile Lift

Compact and designed for your most common lifting needs.

**Safe working load:** 205 kg / 450 lbs

## Viking® L Mobile Lift

A cost-effective solution for larger patient populations.

**Safe working load:** 250 kg / 550 lbs

## EASY TO USE

- Intuitive user display includes lift count, service required, battery usage and overload indicator
- Optional Quick-Release Hook System™ makes it easy to change slingbars or add a scale
- Ergonomic hand control is easy to attach and access from the maneuvering handles
- Two lift speeds support a variety of controlled lifting needs (Viking L and XL only)

## LIGHTWEIGHT AND MOBILE

- Lightweight design helps you bring support directly to your patient — when and where they need it
- Optional armrests support patients while they walk
- Large casters roll easily and are easy to clean

## DESIGNED FOR SAFETY

- Safe working loads of up to 300 kg / 660 lbs help you lift even your heaviest patients
- Outer Tube™ actuator protection gives added safety
- Accessories like slings, slingbars and scales help you adapt the lift for different needs — and can be used across all three models

## Viking® XL Mobile Lift

Powerful enough to support even your largest patients.

**Safe working load:** 300 kg / 660 lbs

# The Support You Need, When and Where You Need It

As your patients move along the mobility continuum and throughout different care settings, their lifting needs change as well. We designed the Viking line of mobile lifts to accommodate virtually all of them — giving you the support you need, every time.

**LIFTING TO AND  
FROM BED OR CHAIR**

**TREATMENT AND  
REPOSITIONING**

**LIFTING FROM  
THE FLOOR**

**AMBULATION AND  
GAIT TRAINING SUPPORT**

## ABOUT HILLROM

Hillrom is a global medical technology leader whose 10,000 employees have a single purpose: enhancing outcomes for patients and their caregivers by advancing connected care. Around the world, our innovations touch over 7 million patients each day. They help enable earlier diagnosis and treatment, optimize surgical efficiency and accelerate patient recovery while simplifying clinical communication and shifting care closer to home. We make these outcomes possible through connected smart beds, patient lifts, patient assessment and monitoring technologies, caregiver collaboration tools, respiratory care devices, advanced operating room equipment and more, delivering actionable, real-time insights at the point of care. Learn more at [hillrom.com](https://hillrom.com).
