## **Voalte® Nurse Call**

A Vital Lifeline Between Patients and Caregivers

IN A HOSPITAL,  
CONNECTION  
ISN'T JUST  
IMPORTANT  
IT'S VITAL

Your patients depend on their care teams to understand their needs and act on them quickly. But for busy caregivers, responding to a barrage of incoming needs can be a challenge—and addressing them proactively can feel impossible.

Voalte® Nurse Call provides a vital lifeline connecting caregivers to patients and empowering them to meet needs with efficient workflows. Streamlined communication of patient needs, automated reminders, location tracking and much more, help automate your care environment for a patient-centric approach that's easier to manage.

**FOCUS ON WHAT MATTERS  
MOST—YOUR PATIENTS' SAFETY  
AND SATISFACTION.**

# STAY FOCUSED ON PATIENT SAFETY

Every patient has their own risk level that must be managed. With Voalte® Nurse Call, you can easily view your patients' risk assignments and check their safety status—any time, anywhere.

## VOALTE® PATIENT SAFETY

Automatically arm bed exit alerts and be notified of patient risk based on their fall risk assignment from the EMR. Automatically suppress or cancel alerts when you are in the room to promote a quiet environment and keep the patient in focus.

## AUTOMATED REMINDERS

Reduce cognitive loads with automated and on-demand reminders supporting protocols for rounding, turns, pain checks and more.

## VIRTUAL ROUNDING

Monitor patient safety with real-time, unit-level dashboard views of patient information including risk assignments, active alerts and bed state.

# PRIORITIZE PATIENT SATISFACTION

Improve your patients' experiences by getting the detailed information you need to meet their needs quickly and even proactively.

## IMPROVE RESPONSE TIMES

Send patient calls directly to the appropriate caregivers or teams so they can respond faster.

## UNDERSTAND PATIENT REQUESTS

Include more detail in patient requests so they get what they need the first time.

## EMPOWER PROACTIVE CARE

Automate reminders to meet patients' needs before they even have to ask.

**30%**<sup>3</sup>  
MORE TIME ON DIRECT PATIENT CARE

Give your caregivers more time to do what they love—caring for patients. With safe, efficient solutions, you can remove steps from workflows and lighten mental loads.

## REAL-TIME STAFF LOCATING

Use locations to automate common tasks like call and reminder completion—removing manual steps.

## REDUCE COGNITIVE LOAD

Support care team communication in fewer steps with in-room access to voice calling and staff requests.

## SUPPORT CAREGIVER SAFETY

Prioritize security with one-touch staff duress alerts on badges. Route duress calls directly to your security response teams including location for a quicker response.

# PARTNERING WITH YOU EVERY STEP OF THE WAY

Your technology investments should support your network and workflows, not the other way around. Voalte® Nurse Call is designed to support your unique implementation and grow along with you.

- Customizable system configuration and network design help support varying requirements across your system
- Scalable platform can meet your needs today and evolve as you do
